ABAGUARD® ORAL LV CONCENTRATE FOR SHEEP contains Abamectin, a member of the Avermectin family of drenches.

It is effective against sensitive strains of the following adult and immature internal and external parasites of sheep:

**Adult and immature gastrointestinal roundworms:** *Haemonchus contortus* - Barber's pole worm (including inhibited L4 stage), *Haemonchus placei* - Large stomach worm, *Ostertagia circumcincta* - Small brown stomach worms (including inhibited L4 stage), *Trichostrongylus axei* - Stomach hair worm, *Trichostrongylus colubriformis*, *Trichostrongylus vitrinus* - black scour worm, *Cooperia curticei*, *Cooperia oncophora* - Small intestinal worm, *Nematodirus spathiger*, *Nematodirus filicollis* - Thin necked intestinal worm, *Chabertia ovina* - Large mouthed bowel worm, *Oesophagostomum columbianum* - Nodule worm, *Oesophagostomum venulosum* - Large bowel worm, *Trichuris ovis* - Whipworm, *Strongyloides papillosus* - Intestinal threadworm.

**Lungworm:** *Dictyocaulus viviparus* - Large lungworm.

**Also treats and controls:** *Psorergates ovis* - Itch mite, *Oestrus ovis* - Nasal bot

Resistance may develop to any drench. Ask your local veterinary practitioner or animal health adviser for recommended parasite management practices for your area to reduce development of resistance. It is advisable that a drench resistance test be conducted before any drench is used.

#### DIRECTIONS FOR USE

**RESTRAINTS:** DO NOT USE on female sheep which are producing or may in the future produce milk or milk products for human consumption.

**CONTRAINDICATIONS:** This product is contraindicated for use in lambs under six (6) weeks of age or less than 10 kg bodyweight.

**DOSAGE AND ADMINISTRATION:** ABAGUARD® ORAL LV CONCENTRATE FOR SHEEP dose rate is 1 mL/10 kg body weight.

#### DOSE RATE TABLE:

Liveweight kg	Dose Volume (mL)	Sheep Treated 10 L
11-15	1.5	6667
16-20	2	5000
21-30	3	3334
31-40	4	2500
41-50	5	2000
51-60	6	1666
61-70	7	1428
71-80	8	1250

Animals in excess of 80 kg to be dosed at 1 mL per 10 kg. A representative sample of animals should be weighed before treatment. Dose the mob to the heaviest animal by liveweight in each group (ewes, wethers, rams, lambs). DO NOT underdose. Where there is a large variation in size within the group, dose rate should be based on the label directions for each weight range. Drafting into two or more lines may be appropriate, to avoid excessive overdosing.

#### GENERAL INSTRUCTIONS

##### WITHHOLDING PERIODS:

**MEAT:** DO NOT USE less than 14 days before slaughter for human consumption.

**MILK:** DO NOT USE on female sheep which are producing or may in the future produce milk or milk products for human consumption.

**TRADE ADVICE: EXPORT SLAUGHTER INTERVAL (ESI): DO NOT USE less than 28 days before slaughter for export. The ESI on this label was correct at the time of label approval. Before using this product confirm the current ESI from either the manufacturer on 1800 44 88 92 or the APVMA website ([www.apvma.gov.au/residues](http://www.apvma.gov.au/residues)).**

**SAFETY DIRECTIONS:** Poisonous if swallowed. May irritate the eyes and skin. Avoid contact with eyes and skin. Wash hands after use.

**FIRST AID:** If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26. If skin contact occurs, remove contaminated clothing and wash skin thoroughly.

#### ADDITIONAL USER SAFETY INFORMATION

**SAFETY DATA SHEET:** For further information, refer to the Safety Data Sheet which is available from the supplier.

**ENVIRONMENTAL PROTECTION:** Abamectin is extremely toxic to aquatic species. Do not contaminate dams, rivers, streams or other waterways with the chemical or used container.

**DISPOSAL:** Triple-rinse containers and dispose of rinsate in compliance with relevant local, state or territory government regulations. Do not dispose of undiluted chemicals on-site.

If the container has the drumMUSTER logo visible, and has been thoroughly cleaned and dried, and is free of any visible residues, it can be recycled at any drumMUSTER collection or similar container management program site. The cap should not be replaced, but may be recycled separately with the container.

If not recycling, break, crush, or puncture container and deliver to an approved waste management facility. If an approved waste management facility is not available, bury the broken, crushed or punctured containers 500 mm below the surface in a disposal pit specifically

marked and set up for this purpose clear of waterways, vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

**STORAGE:** Store below 30 °C (room temperature). Store in original container.

**CONDITIONS OF SALE:** The use of this product is beyond the control of Loveland Agri Products. Any provisions or rights under the Australian Consumer Law which cannot be excluded by law are not intended to be excluded by these conditions of sale. Subject to the foregoing, all warranties, conditions, rights and remedies expressed or implied under common law, statute or otherwise, in relation to the sale, supply, storage, use or application of this product are excluded. Loveland Agri Products does not accept any liability (including consequential loss and/or negligence) for any loss or damage connected with the sale, supply, storage, use or application of this product except for liability which cannot be excluded by statute.

#### Additional statements required by Globally Harmonised System of Classification and Labelling of Chemicals (GHS) and Safe Work Australia:

Harmful if inhaled. Harmful to aquatic life with long lasting effects. Avoid breathing dust/fume/gas/mist/vapours/spray. Use only outdoors or in a well-ventilated area. Avoid release to the environment.

**IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell.

Dispose of contents/container in accordance with local/regional/national regulations.

**Product contains:** Benzyl alcohol, Abamectin
